

# INSIDER

May/June 2014

Summer is finally here and it is a great time to schedule your air duct cleaning with Indoor Air Professionals.

IAP can guarantee your satisfaction because we use the exclusive Collom™ system, the most advanced duct cleaning system in the world. Plus, we have the most technicians certified by the National Air Duct Cleaning Association (NADCA) – all of our technicians meet this high standard.

We appreciate your business as an IAP customer and consider it a privilege to bring you the best in quality care for your indoor air.

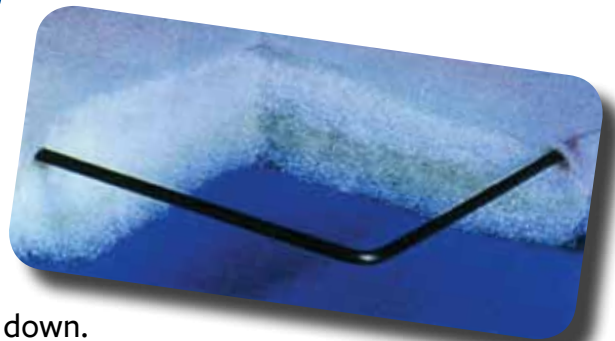

Enjoy the summer ahead with best wishes for lots of fun and good health.

President & CEO*

## Call now and get it done right.

The weather has been up and down. First it's hot, so you likely run your air conditioning a lot. Then it rains and gets cool and damp, perfect conditions for mold growth. That could mean mold and mildew have built up in your air ducts, not to mention summer pollen, pet dander, dust and other debris.

Now is the time to call for the best opportunity to make an appointment that meets your schedule. You'll also **avoid the rush in the fall** when the cool weather returns. Call us today to schedule your air duct cleaning.

### Change your furnace filters, too.

A/C use means dirtier furnace filters, too! IAP's exclusive 3-ply antimicrobial furnace filter reduces airborne microorganisms by up to 86.5% in one pass. Wire frame results in better fit within the filter rack (less by-pass vs. cardboard frames). And they cost less than pleated filters that you see in discount outlets. Call or order online.

## Introducing the Clean & Green Combo Pack

### Kanberra Gel® & Kanberra Spray® in one convenient package.

Two-ounce gel and two-ounce spray give you double the performance to attack mold, mildew, fungus and bacteria at the source and purify your air.

- **TSA approved travel size** to use on the go, in rental cars, hotel rooms and more.
- Gel works 24/7; spray for instant odor control.
- For home, boat, RV, sports bag, camping and much more.
- **A great value** – just \$24.99.

**Click here for easy ordering of all your favorite Kanberra products.**

**PLUS**  
Get free shipping on Kanberra orders of \$50 or more!  
Offer expires 7.7.14
