

IAP INSIDER

January/February 2014

In this issue of the **IAP INSIDER** I would like to personally invite you to visit Indoor Air Professionals at the Buffalo Home & Garden Show in March.

We have a lot of new things to show you and great solutions to help you and your family while this long, long winter nears an end.

No doubt, your furnace ran more than ever with the colder-than-normal temperatures. Now is the time to call IAP to help with air duct cleaning, furnace filters and other products and services to improve your indoor air.

We also have some exciting new Kanberra products to unveil at the show as our line of all natural air purifiers and surface cleaners continues to grow.

Stop by and see us. We look forward to speaking with you.

Joel Solly
President & CEO

See Us for Savings

Visit Booth 405 and ask about our show specials on air duct cleaning and more

TWO WEEKENDS ONLY!
MARCH 7-9 & 14-16
BUFFALO NIAGARA CONVENTION CENTER

See Us for More Solutions

- Medical Grade Air Purifiers – remove up to 99.9% airborne bacteria and viruses.
- 3-ply, antimicrobial Air Filters – for heating and cooling systems.
- Mold Testing and Remediation – expert services.
- Dryer Vent Cleaning – ask about dryer vent alarms.

Catch up with the koala

Look for Wilson, our lovable Kanberra mascot, and see these new all natural products at the show.

- **Kanberra Wipes®** – an all natural clean with just one wipe.
- **Kanberra Spray® Refill** – 64 oz. container is a great value. Refill spray bottles instead of throwing them away.

See you at the show!
