

IAP INSIDER

March/April 2014

Spring into a healthier home.

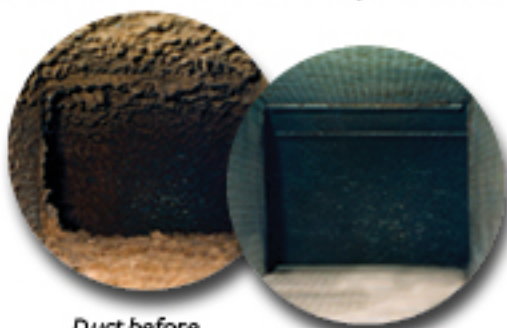

Winter is officially over and it is the perfect time to do some spring cleaning. Kids are still in school, the weather's still a bit cool, so now is the time to call IAP for:

Air duct cleaning – This winter, your furnace was working harder and longer, blowing dust, debris, pet hair and more all over the house. Beat the rush before a/c season.

Schedule your air duct cleaning now and ask about special spring savings.

Air Purifiers – Allergy season will soon be upon us. Take action now and get relief with a medical grade air purifier from IAP, proven to kill up to 100% of bacteria, mold and viruses that can trigger allergies.

Amy Felgemacher

In this issue of the **IAP INSIDER** we would like to introduce you to two of our marketing representatives for Kanberra products – Amy Felgemacher and Lisa Lowe. The close friends have been cleaning the air everywhere, introducing more and more people to the power of Kanberra and its airborne Tea Tree Oil.

Amy brings more than 15 years of sales experience to her role, having worked in advertising, pharmaceutical and medical device sales. Lisa has 12 years of sales and advertising experience at various local publications and a restoration company.

We are pleased to welcome Amy and Lisa to the Kanberra team as we continue to grow our unique line of all natural air purifiers and surface cleaners.
